☐ **Moshiach Anonymous** 10/17/24(Thu)08:33:34 No.39057212

There's something quite alarming going on in Jewish communities. Many of the rabbis are convinced Moshiach is here. Moshiach is a foretold spiritual figure and leader said to force the world to change into the Kingdom of God on Earth. Moshiach is meant to be a divine ruler, who will fight the wars of God and build the third and final temple in Jerusalem.

Rabbis more than ever are making entire documentaries about the coming of Moshiach. This is alarming because it could mean they know something we don't know.

Who is Moshiach? Whoever this figure is, they are bound to be a perplexing person and destined to

be controversial. It is said he will end all famine and bring the Messianic Age with him. It is also estimated by other Jewish leaders and rabbis that Moshiach is connected to the UFO phenomenon.

Please reserve your antisemitism. Leave those mean comments on /pol/. This thread is about their prophetic figure that they believe is here already, and the implications of such figure being alive. Will Christian's accept the Moshiach? Or will they go against him? What about Muslims? Who could Mashiach be?

Why would jews need messiah from god, when they've been getting by just fine with moloch worship? Like literally israel could build third temple tomorrow and thet's not much world could do about it. You know this chosen larping kinda loses its meaning when your political leader netnyahoo outright says in us congress that jewish people emerged from depths of hell. Any victim cards you had left kinda vanished out of the window with that statement. 6 million? How about all, there are no laws that prohibit demonslaying

What contexts does there need to be for statement like that? They're scared because some aliens might actually invade and destroy their masters, and they're getting scared because they overplayed their cards, so the goyim might not be a meatshield army to defend the jews and their underground masters. Basically nobody trusts jews anymore.

The Jews will have a Moshiah, but he will not be him. The Christians will have an antichrist of the week and will eat food sacrificed to YHVH, blaspheming His holy name against their Christ. The Muslims will have a Mahdi, a guided prophet, and will defeat the antichrist who masquerades as the Jewish Moshiah when in actuality Islam is right and the newest prophet is also weaker and not Jesus but also brings about a prophetic age and warns people against the "reforms" of the antichrist.

I buy into mashiach being the Antichrist. That seems like what the Jews want. Talmud says they will all have thousands of slaves when Moshiah comes. And that Netanyahu video is crazy. He literally said Jews come from hell. That's fucking hilarious honestly but I will remain impartial.

I've decided that I know what is right religiously, and that the Isrealite synagogue is indeed a synagogue of Satan, as well as the Christian church, for they say they are Jews but are not, for they do blaspheme when they say that Jesus son of Mary is God.

It's a benign difference, really, but it is still a blasphemy to say that Jesus is His own Father. I don't believe in the Trinity in that Christ is the Spirit and the Spirit is God. I believe that the Father was in Heaven with his muse, Wisdom, and brought all creation into existence from the ending of creation here where the last species capable of sapient thought before the heat death had occurred.

The important thing to note is that I don't reject Christ's promise nor his divinity in authority over reality or his divinity in authority over the nations, but I still note that this authority came from the Father, and not from Christ Himself.

So yes, I am a Muslim, but I'm a Christ-first Muslim, and do not belong to any fetid Mosque because of it.

yes, it kinda alligns with the fact that jews trace matrilinearly, so their mother side, because mother side is the one that passes Mitochondrial DNA, which a jew doctor said on vid that is "separate, independent organism, that puts its own survival above survival of the body".

pay less attention to jewish drivel and more to people who you are unable to read.  
we have everything (mostly) under control and no1 can stop what is comeing or when.  
just relax and enjoy the show , if you are pure of heart you have nothing to worry about.  
also stop obsessing over politicians and religions , they are merely distractions.  
the real powerholders could be your neighbour , a criminal selling stuff , a murderer who never got caught or a shizophrenic who can alter reality with his emotions.  
or it could be .... you!  
that's the beauty of it.  
just do as you are told and stop asking questions for things not even we have answers for.

My physical form was hijacked pre-birth as my mom attested. I will run for president in 2032 and win all 538 evs being sworn in as the youngest person to hold office yet at exactly 38. My role is to lead the spiritual battle in the upheaval of Baal/moloch worship and seeing to it that all innocents are spared in time for ascension. The pedo elite fear me because they know they cannot stop me. They've been preparing in vain for many years to thwart the inevitable. Once we've severed the head from the serpent all hell will literally break loose. Those who maintain faith and practice good shall inherit the kingdom of Christ, while all those whom blaspheme will be cast into the burning Lake of Fire.

Yes, and God is separate from a figure known as Wisdom but Wisdom, while not the one who begets all wisdom, is all-wise in what God has presented to them. They have been here since all time and do not know the future, but are as aforementioned all-wise to what God has shown them. It's a literal take on the genesis story when Solomon describes Wisdom as a woman, and then describes wisdom later on as not a woman, and this woman is the only woman that God has ever lusted for. They are not to be worshipped but they are a very powerful spirit and can be found in places like the moon.

>Who is it who blasphemes God: he who believes in two, or he who knows only One?

Hence I'm a Christ-first Muslim, both blaspheme against the Father. Arabs like the point out that Jesus is not the Son of God but I reconcile this with the fact that Arab culture has never treated adopted children like birth children in regards to certain aspects of language and etiquette and this has led to translation errors in the way that english "Son of God" sounds like to an Arab. With a lack of communication you see the complete lack of understanding between cultures about historical communication.

You see, in the 700s, Christians were saying that God banged Mary, but in actuality the Jews were always saying he was in love carnal and otherwise

with this spirit called Wisdom. Mary is not Wisdom but is instead a holy figure of her own, the maidservant of God and mother of Christ. She is like a surrogate mother, Rahab, from the bible, but instead of being owned by a human being and being treated irrationally bad she was owned by God and treated well for being the mother and caretaker for God's son, Yeshua the Christos.

You see, once you delve deeper into the rabbit hole of etymology of the bible, you come to understand the pagan and magick roots behind it all and what constitutes as light magick or miraculous enlightenment-searching or dark magick via ritual sacrifice and sin.
